

COMMUNITY BUILDING TEAM

MEETING MINUTES

May 1, 2015

Intros were done.

We need to add more people to the CB team. Our chair person must lead the pack in the endeavor. Send some reminders out over the summer to talk with residents about joining the team.

Meeting minutes are important as reminders of what was discussed at the previous meeting. Review the minutes in between meetings.

Eileen surprised us with a cake to thank the team for their participation this past year. So there was plenty of cake to share.

Eileen thanked us for our good work and to not let opportunities go by.

We seem to have the same people at many of the meetings. By adding new members we can separate and have different attendees for different meetings. Partners in the Arts was a missed opportunity. This program provides free or discounted tickets to events throughout the area. A grant needs to be written and submitted. Participation in attending events is limited due to transportation issues. Residents seem to get around for other events they should be able to get to arts events too. Some examples are go to the train museum at

Bandana Square. The car museum, you can get to the Saints games via light rail stops at the new stadium.

Have a great summer everybody and we hope to see you again in September!

Next meeting is September 4, 2015
