

9/7/18

Community Sharing Circle

Attendees: Melissa Pappas, Donna Walters, Pete Sletten, Rosie Leisze, Sharon Baker, Cathy Hicks, Roxanne Sands, Diane Anastos

Sharon Baker from Montreal chaired the meeting.

Montreal activities: Garden committee, coffee Saturdays.

Seal activities: coloring, beanbag toss, movie nights

Ravoux has a number of activities. There was a question if activities could be planned before the new budget was approved. If there are funds left over in the previous budget then events can still be planned.

There is now a Community Sharing section on the Presidents Council website.

[Sharing.stphapresidentscouncil.org](http://Sharing.stphapresidentscouncil.org)

Reminders to check museum websites for updated information will be added. More information will be added as well. (A number of sections don't have information yet.)

Gossip is an issue everywhere. It would be good if there was a way to promote positivity.

Seal is thinking of getting a Wii game system. Rules for use need to be made up. Ravoux already has a Wii.

Concerns are about people wanting to use it late at night and conflicts with people who want to watch TV at that time.

Whether or not snacks are necessary for events was discussed. Food is a good way to get people to come down to things.

Potlucks were mentioned. They can be nice but you do have to be careful about food safety. (It's probably better to limit potlucks or encourage just store bought items.)

Seal might be getting a bunch of jigsaw puzzles donated. They may have some to share with other hi-rises.

Action items:

Add reminder to welcome page of Community Sharing section.

**Next meeting: October 5th**
