

Computer Team Meeting

3/24/22

Attendees: Melissa Pappas, Youa Thao, Gary Laskowski, Andrew Ward, Michelle Newell, Terry Hogan, Keri Levin, Diane Anastos, Aado Perandi, Derrick Malone

PHA updates

Our new IT Contractor Derrick Malone was in attendance.

He has gone through training with Aaron. He will start going out to hi-rises after April 1st.

He will attend the April or May Presidents Council meeting.

A reminder was given to keep filling out the monthly log sheet and turn it in the your Residents Council each month.

Computer rep updates

Seal's computers are working fine. The big issue is still people leaving messes in the computer area.

Cleveland has no problems. Their computer room was closed for most of the month because their board was shut down.

Hamline had some things in the community room damaged. Their computers are fine though.

Montreal has no problems except an update issue. Updating the Windows version should take care of that.

Wabasha has a problem with their printer. They need to get toner too. (That is being worked on.)

Ravoux's computers are fine. They have their new modem now and that is working fine.

Edgerton had an Internet issue. That was fixed by Comcast. Their network had a password put on it though. That was removed and the printers were reconnected to the network.

Valley had an Internet issue. One of their computers had the antennas from the wi-fi card stolen.

Next Meeting: April 28th by Zoom
